ABOUT NYSAFAH 2G

Since NYSAFAH's founding in 1998, affordable housing construction, management and financing has developed into a robust industry for New York City and State, with opportunities for professional growth and advancement in multiple related fields, and an ever growing demand and need for the industry's end product - homes that New York's working families, seniors, and young adults can afford.

By engaging and supporting young professionals, NYSAFAH aims to cultivate an effective workforce for experienced NYSAFAH members, while strengthening New York's affordable housing industry as a whole. As with NYSAFAH's traditional membership, NYSAFAH 2G includes professionals in the fields of affordable housing finance, syndication, construction, management, law, architecture, and public policy.
